

# Introducing the LexisNexis® Regulatory Compliance Platform

Experience a smarter, faster, and more intuitive approach to regulatory compliance.

The enhanced Regulatory Compliance platform is a platform that seamlessly integrates our authoritative compliance content with our enhanced workflows.

Prepared by our team of expert authors, our compliance registers and alerts can now transform complex regulations into actionable insights for Governance, Risk, and Compliance professionals, like never before.

## Key Benefits

- **Increased Efficiency:**

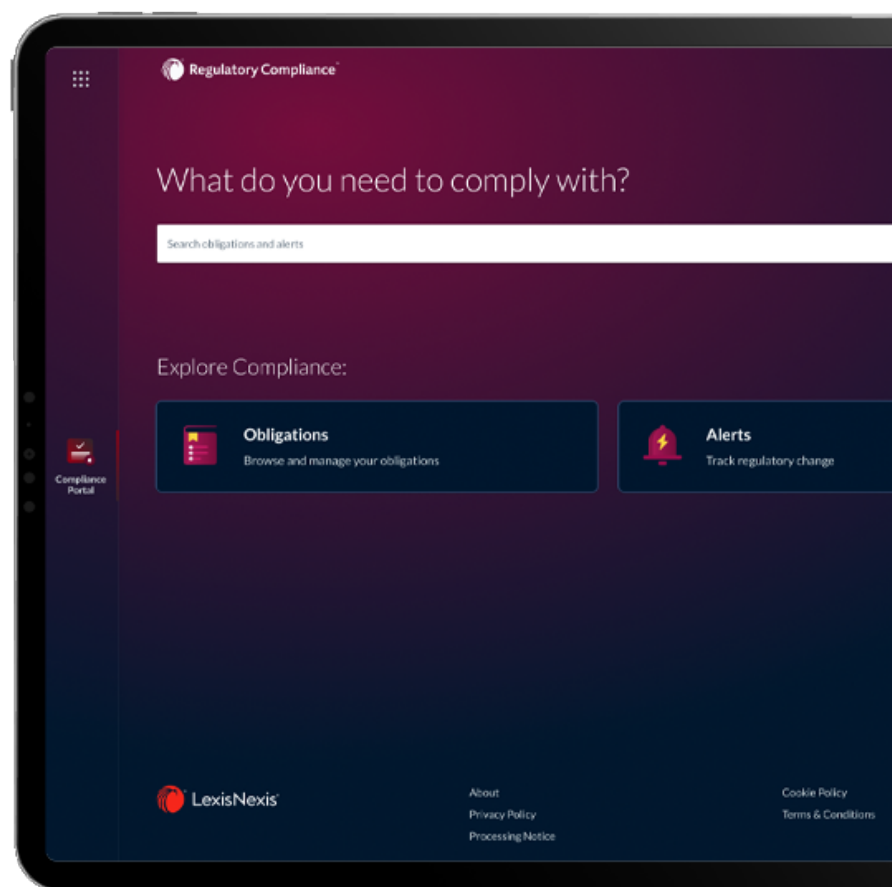

- » **Time Savings:** Reduce manual research and repetitive filtering with smart search capabilities, bulk operations, and session-saving filters.

- **Actionable Intelligence:**

- » **Clear Accountability:** Detailed dashboards and data views ensure transparent tracking of responsibility and compliance status.

- **User Experience:**

- » **Unified Interface:** Access all your obligations and regulatory change alerts from a single, structured dashboard that consolidates multiple areas of compliance.
- » **Flexible Data Handling:** Export data for offline analysis, customisable filters, and robust search options to find exactly what you need.

## Standout Features

### Obligations Management

- **Centralised Register:** View all subscribed obligations and related details in one place.
- **Dynamic Filtering & Sorting:** Quickly filter by compliance status, risk level, or assigned owner.
- **Export Capabilities:** Export obligations data to CSV for further analysis.

### Alerts System

- **Comprehensive Tracker:** View detailed alerts with impact ratings, clear rationales, and linked actions for prompt response.
- **Dashboard Insights:** Visual snapshots, breakdowns by alert type, and time-specific filters keep your risk landscape in focus.
- **Search:** Easily browse and search historical and current alerts with advanced filtering tools.

### Global Search

- **Unified Search Bar:** Quickly locate obligations and alerts across your subscription with premade filters for content type and jurisdiction, using natural language or Boolean search terms.

Embrace the evolution in regulatory compliance. Enhance your workflows, reduce noise, and make smarter, data-driven decisions with world-leading content on a state-of-the-art platform.
